## Consultation for the woodland creation proposal at Shoestanes, Heriot

EJD Forestry is preparing a woodland creation proposal at Shoestanes called Toun Hill, on behalf of the landowner. The following information is available to help explain the proposal:

- A location map
- A concept map showing species, local features and information giving context to the development of the planting design
- An information sheet with design summary and key points for consideration

The proposal is seeking funding through the Forestry Grant Scheme, administered by Scottish Forestry. The design will comply with the requirements of the grant scheme and the UK Forest Standard.

You are invited to provide feedback relevant to this proposal at this initial consultation phase. This can be sent to the email contact noted in the foot of this letter.

Feedback by the **16<sup>th</sup> August 2024** would be appreciated.

In addition, a drop in session will be held for those who are interested, to provide an opportunity to discuss your thoughts and feedback in person. The details of the planned event are below.

- **Location: Macfie Hall, Heriot**
- **Time: 1<sup>st</sup> August 2024, 3pm-6pm**

There will be future opportunities to provide feedback once this scheme has been considered by Scottish Forestry and placed on the public register.

Kind Regards

Isaac Adams
